Loaders shall be used exclusively to load and unload trucks and push gear to and from storage areas.		
Trucks 30' in length or more, require a minimum of four (4) loaders.		
For trucks 30' or less in length, stage technicians on the call may be designated as loaders and will be paid one hour of pay at the straight time rate in addition to the prevailing wage rate for each truck the employee is required to unload. This additional hour shall be at straight time and not calculated toward overtime.
